Bringing **Animal Issues** Into the Classroom

TEACHkind.org

How many dogs are there? _____

How many cats are there? _____

How many birds are there? _____

How many animals are there in total? _____

How many people are there? _____

If each person adopts one animal, will all the animals be adopted? _____

How many animals will be left without a home? _____

Every year in the United States, millions of animals in animal shelters do not get adopted. How can you help these animals? Always adopt from animal shelters and never buy from breeders or pet stores.
